

LAKECREST BUILDERS, INC.

Most of the important moments in life happen at home, so it makes sense that your home should be all about you.

LakeCrest Builders understands this well. We work closely with every client to make sure their home is all about them. With our guidance and expertise, we help you make sense of the entire building process.

DESIGN & CONSTRUCTION

LakeCrest Builders is a premier luxury custom homebuilder in the Reno-Tahoe area, building architecturally grand homes in European and Old World styles, with hints of the Old West here and there. The interior spaces are lively and flow effortlessly with their energetic exteriors.

Owned by two builders with decades of building experience behind them, partners Dave Pearce and Jim Smrt formed LakeCrest Builders in 2011. The two have built hundreds of luxury custom homes in numerous area subdivisions, including Saddlehorn, Montreux, St. James Village, Galena, Arrow Creek, Eagles Nest and Caughlin Ranch.

COMMITMENT & SERVICE

The award-winning LakeCrest team puts all its heart into creating flawlessly designed homes that will give their owners a lifetime of quality living, satisfaction and value investment. We have developed relationships with many of the area's finest artisans, craftsmen, subcontractors and vendors who are at the top of their field, and who help us create your dream home. They understand that your home should reflect your unique personality, lifestyle expectations and your individual living needs.

We work with the area's finest architects and interior designers who have created several classic design themes for LakeCrest that have been exceptionally well received through the years. We will build any home you want from the ground up. We are committed to positioning your home on the lot you chose so that it takes full advantage of the beautiful views and surroundings, and considers the environment as well.

LakeCrest is all about customer service and building long-term client relationships. Whether it's the welcoming power of an exquisitely designed entryway, the imagination of interior design, or the thoughtful manner in which spaces are carved out, LakeCrest homes embrace and inspire our clients with their sensuous architecture. Our clients continued enjoyment of their custom homes, decades after our initial meeting, remains our greatest measure of success.

LakeCrest imbues their designs with charm and wit, evoking the beauty of nature in design and making a moving and powerful statement about architecture. It's been said you can't look at a LakeCrest home and not feel an emotional connection to architecture.
